Professional Summary

Node.js Backend Developer with nearly 4 years of experience designing and developing scalable backend applications, RESTful APIs, and microservices using Node.js, Fastify, and Express.js. Experienced in PostgreSQL, MongoDB, Redis, real-time applications using WebSocket, third-party API integrations, background job processing, authentication using JWT and OAuth 2.0, and performance optimization. Strong debugging, problem-solving, and production support experience.

Technical Skills

- Languages: JavaScript, TypeScript, Node.js
- Frameworks: Fastify, Express.js
- Frontend: React.js (MERN/PERN)
- Databases: PostgreSQL, MongoDB, Redis
- Tools: Git, GitHub, Bitbucket, SourceTree, Docker, Postman, Swagger, GitHub Actions (CI/CD), AWS
- Concepts: REST APIs, Microservices, WebSocket, Cron Jobs, Third-party API Integration, JWT Authentication, OAuth 2.0, Performance Optimization, Writing Clean and Maintainable Code, Code Reusability, Scalable Application Development

Professional Experience

Media Jigs | Node.js Developer | Jul 2024 – Present

- Develop and maintain scalable backend services using Node.js, Fastify and PostgreSQL.
- Optimize SQL queries and API performance while reducing redundant database operations.
- Implement request validation, centralized error handling and file upload functionality.
- Integrate third-party APIs and document APIs using Swagger.
- Develop cron jobs and WebSocket-based real-time data processing.

Versatile Mobitech (Versatile IT Solutions) | Junior Node.js Developer | Jul 2022 – Apr 2024

- Built reusable REST APIs using Node.js and Express.js.
- Worked with MongoDB and PostgreSQL.
- Debugged production issues and optimized application performance.
- Collaborated with frontend and QA teams throughout the SDLC.

Projects

Sportish

- Live sports scoring platform.
- Node.js, Fastify, PostgreSQL, WebSocket, Cron Jobs.
- Real-time third-party sports API integrations.

4TP

- Service marketplace.
- Node.js, Express.js, MongoDB.
- Location-based provider matching.

Medicos-DX

- Hospital management is backend.
- Patient records, prescriptions and REST APIs.

Education

MBA (2021)

Swarnandra College of Engineering and Technology

CGPA: 8.15

Languages Known

- English
- Telugu
- Hindi
